

Is pleased to announce that its client

Copper Valley Telephone Cooperative

has obtained a loan from the US Department of Agriculture's Rural Utilities Service, totaling:

\$4,770,000

These funds will be used to upgrade and expand the Copper Valley Wireless Cellular AMPS Network to Digital CDMA with EVDO Rev. A.

Bodamer Consulting prepared the business plan, pro-forma financial model and loan application in support of Copper Valley's wireless investment.
